FIRST OFFERINGS WHOLESALE OF THE DRY WEATHER TWINS

Bit O' Heaven

Bit O' Heaven is one of the late Prof. Crow's seedlings which we named and introduced in 1935 and which we are very proud of. Its vivid orange coloring with eight or ten open at once is something you cannot forget. Tall, straight spike (around five and a half feet high) and facing of florets always good. The slight hood of the floret adds rather than detracts from the beauty of this Glad. The soft orange yellow throat blends so perfectly with the outer coloring that it does not seem real. Have never seen a flake or streak on any of the blooms that we have had.

Streak of Butter

Possibly one of the tallest Glads grown under normal conditions. We have never had a spike of Streak of Butter that has gone under five feet from a No. 3 Bulb or larger, always straight and with from six to eight florets open at a time.

The clean cut buff coloring blending to a light salmon at the edge with the soft golden throat makes a blend that is liked by all. The black of the petals have a salmon pink reflex which is perfect under artificial light.

For massive basket work Streak of Butter stands supreme.
